

The Shinyo Maru Docked at Pier 7 Tuesday, Sept. 5th

and about 10 a. m. Mr. and Mrs. Tourist walked passed this store and I heard him say, "Oh, wife, look here; this is the most beautiful clothing store I've ever seen." He came back and asked me if I worked in the store, and honest, I got red in the face the way he praised the appearance of this store. He came inside and I introduced him to one of the salesmen and he bought two Palm Beach suits. He said he didn't need them at all, but that the values of the goods in the windows looked so good that he just could not help from buying them. The boss doesn't know any thing about this until he reads about it in the Star-Bulletin. Gosh! I am getting to be a regular tattle-tale, but this is really too good to let slip by.

CITY OFFICIALS ARE CONFIDENT ACTIONS RIGHT

Consider McCandless Talking Ill Advisedly; Object to the Word "Misappropriation"

That the supervisors and city officials are not wasting any time worrying over the charges made by L. L. McCandless that \$30,000 had been "misappropriated" by the board when they voted to pay out of the general fund assessments against certain properties in Manoa Valley, which have been declared by law exempt from taxation, is the information obtained this morning from several interviews.

Supervisor Logan's answer to McCandless is an amendment passed by the last legislature which clearly states that whenever any public land or land exempt from assessments or taxations forms part of an improvement district the board shall pay out of the general fund an amount equal to the assessment for such improvements as would otherwise be assessed against the property.

"I cannot understand how a man of McCandless' standing can be so narrow as to attempt to block an improvement project which will be advantageous to the entire city," said Supervisor Horner today.

D. L. Conkling, treasurer, said this morning that it was inconceivable that the board of supervisors had done anything illegal as they had had the expert advice of the city attorney's office.

A. M. Cristy, deputy city attorney, was highly amused over the charge and intimated that his office was ready for anything McCandless wanted to start.

Ben Hollinger was the most outspoken, declaring that a libel suit should be brought against McCandless.

LATEST NUMBER OF MID-PACIFIC IS ATTRACTIVE

The Mid-Pacific Magazine for October comes out today with an interesting display of articles, stories, pictures, Hawaii, as usual, is generously dealt with. W. D. Westmore contributes an article on "Mid Hawaiian Games in Honolulu," S. E. Knapp writes interestingly about "The tourists' Mecca. One he runs not thing of Puna, Hawaii, in an article titled, "The Land of the Bill of Paradise," by Henry Walsworth Kinnear. The Pan-Pacific Club will take an important part in the Mid-Pacific Magazine for October containing a finely illustrated 16-page supplement on the coming Pan-Pacific Parade and Floral Parade.

The art section is a series of very clear plates showing South American scenes. Mrs. Jack London continues her delightful account of the "Log of the Snark," this month's installment being entitled, "Cruising a Cannibal Waters."

Work of cutting an additional gangway opening at the Waikiki side of Pier 7, makal of the original one, where the big liners from the Orient dock, was begun Thursday by workmen of the harbor board. The opening will be used for the first time when the Shinyo Maru arrives from San Francisco September 23. A 6-foot new gate has just been finished, better to control the crowd on the pier, and keep persons from jumping over the barrier, which has only been about three feet high. The new gate about 30 feet makal of the old one, which still remains in place.

CURT INTRODUCES SCHOOL ROOM METHOD OF BLACKBOARD WORK

Accurate testimony is the desire of Judge Monsarrat in the district court and to enhance chances for the same the magistrate has caused to be erected in his chambers a large blackboard upon which complainants, defendants, policemen and witnesses may draw pictures to illustrate their testimony when mere words fail to properly convey their ideas.

Hardly a day goes by but what at least one and sometimes several charges of heedless driving are aired in police court and the conflicting evidence relative to positions of various cars on streets in question has always been a source of annoyance to the court.

A simple diagram of the intersections in mind may now be drawn upon the board and the exact location of the cars, as the witness testifying saw it, may be pointed out.

Heretofore it has often been the custom to adjourn court for a short time, while the judge, the prosecution and the defense went jointly to view the scene of accident. This practice will probably be eliminated now to a large extent.

POLO MATCH WILL START SATURDAY AT 3:15 O'CLOCK

Maul poloists and the Kaula team will meet at Kapiolani park on Saturday afternoon at 3:15. The match will not be started until after the regatta events are over, giving those who attend the races an opportunity to watch the battle between the two teams.

Kaula has improved greatly during the past two weeks, and with Jay Gould in the saddle at back the forces will be unusually strong. The lineup, which is expected to be followed out, is as follows: Maui—Collins, No. 1; Harold Rice, No. 2; Frank Baldwin, No. 3, and David Fleming, No. 4. In the last match Baldwin played back, but inasmuch as these positions were new to each player a change was made back to their original positions. The Kaula team will line up as follows: Spalding, No. 1; Malina, No. 2; Charles Rice, No. 3 and Jay Gould, No. 4.

OLD BALLOTS GO TO MAKE ROOM FOR NEW

Now that another election is approaching with its accompanying files of reports, ballots and other necessary papers which have to be stored away for future reference, David Kalaokalani, county clerk, is busy today destroying old ballots, which have been in the archives of the county for more than two years as the shelves and closets in the city hall are piled high with these records of past contests and room must be made for the new ones, which will come in after the November election.

"The law provides that after two years the ballots may be destroyed," said Kalaokalani today. "There are thousands of them here and it will take several days to make a thorough house cleaning."

DEATH SUMMONS ELLEN JOHNSON

Miss Ellen Augusta Johnson of Pearl City died this morning at her home at 10 o'clock, at the age of 66 years. She was born November 26, 1850, on Kauai and had lived there most of her life. She was from an old missionary family, well-known in the islands, her father being Rev. Edward Johnson, who arrived here in 1837.

Surviving relatives are two sisters, Miss Frances Johnson, living at Pearl City, Mrs. D. F. Fye of Santa Cruz, Cal., and a brother, Henry Johnson, San Diego, Cal.

Funeral will take place at 3:30 Sunday afternoon from Central Union church, intersecting at Kawaiahae church in the mission plot.

DAUGHTERS OF HAWAII PLAN BENEFIT SALE OF DAINTIES FOR CHARITY

At a meeting Thursday afternoon in the Library of Hawaii the Daughters of Hawaii decided to hold on October 14 a sale of dainties, both of Hawaiian and haole concoctions, for the benefit of the Queen Emma Home. Another meeting will be held soon to select a salesroom and to name the various offerings.

STOMACH TROUBLES DUE TO ACIDITY

So-called stomach troubles, such as indigestion, wind, stomach-ache and inability to retain food are in probably nine cases out of ten simply evidence that fermentation is taking place in the food contents of the stomach, causing the formation of gas and acids. Wind distends the stomach, and causes that full, oppressive feeling sometimes known as heartburn, while the acid irritates and inflames the delicate lining of the stomach. The trouble lies entirely in the fermenting food. Such fermentation is not only unnatural, but may involve most serious consequences if not corrected. To stop or prevent fermentation of the food contents of the stomach and to neutralize the acid, and render it bland and harmless, a teaspoonful of bisurated magnesia, probably the best and most effective corrector of acid stomach known, should be taken in a quarter of a glass of hot or cold water immediately after eating, or whenever wind or acidity is felt. This stops the fermentation, and neutralizes the acidity in a few moments. Fermentation, wind and acidity are dangerous and unnecessary. Stop or prevent them by the use of a proper antacid, such as bisurated magnesia, which can be obtained from any druggist and thus enable the stomach to do its work properly without being hindered by poisonous gas and dangerous acids.

Y. M. C. A. VOTES \$32,000 BUDGET FOR NEXT YEAR

Directors Pass on Amount at Dinner in Honor of New Secretaries Last Night

At the annual fall dinner held last evening at the Y. M. C. A., directors, trustees and members of the executive staff reviewed the budget for the year. After discussion on various points the budget was adopted. It calls for an expenditure of \$32,000 from the association coffers during the eight months from September 1 to April 30. Estimates of receipts and disbursements were received and carefully considered. Fall plans of the different departments were discussed by Glenn E. Jackson, S. W. Robley, Jay A. Urice, Floyd Emmans, L. R. Killam, Richard Whitcomb and R. K. Thomas. Killam spoke on the extension work in the plantation districts and A. E. Larimer spoke on the fall work and presented the budget.

The dinner was given in honor of the four men who have recently joined the association staff, George Andrus, Donald Ladd, Ray Baird and J. W. McCrillis. R. H. Trent presided and extended a hearty welcome to the men. They were introduced by A. E. Larimer.

BISHOP ESTATE OFFERS LAND TO SUPERVISORS

An offer to the city and county of Honolulu of a strip of land 56 feet wide and 700 feet long in Kapaekapa, Waikiki, for a consideration of \$1 net above costs, was received this morning in a letter addressed to the mayor and board of supervisors from the trustees of the Bernice P. Bishop estate.

The letter said that a meeting held Thursday afternoon the trustees voted to offer the land, which lies makal of King street, between the properties sold some time ago by the estate to the Rapid Transit and C. M. Cooke, Ltd., and that the trustees had interviewed George Collins, county engineer, who had said he favored its acceptance.

According to A. F. Judd, trustee, this strip of land is designated in the deeds as a road reserve and as it cannot be used for any other purpose the trustees are offering it to the city.

COLLEGE OF HAWAII ASKS JAPANESE FOR EDUCATIONAL FUND

W. R. Farrington, president of the board of regents of the College of Hawaii, has asked the Japanese Chamber of Commerce for a contribution of \$100 to \$250 per year for a fund to be used to aid self-supporting students of that institution to further their education.

At a meeting of the Japanese Chamber of Commerce it was decided to transfer the request to the Shogaku Kai, or Society for the Encouragement of Learning. This society was founded about 10 years ago by a fund which was contributed by Prince Fushima while on a trip to Honolulu. It is thought that the society will act on the contribution at their next meeting. They have a fund of \$16,000 on hand at the present time.
